SUMMARY

B.Tech graduate in Computer Science with a passion for **Frontend Development**, specializing in creating responsive and dynamic user interfaces using **HTML, CSS, JavaScript, and React**. Currently expanding my skills in React Native and mobile application design. Experienced in API integration and team collaboration, with a strong commitment to continuous learning and applying practical solutions in live projects.

EDUCATION

Presidency University, Bangalore

Graduation year 2024

- B.Tech in Computer Science & Engineering
- GPA: 7.45

Narayana Pu College, Ballari, Karnataka

Graduation Year 2020

- Course: PCMB
- GPA: 8.51

SKILLS

- **Programming Language:** Java, JavaScript
- **Web Development:** HTML, CSS, React
- **Database Management:** SQL, Database Design, Query Optimization
- **Tools & Technologies:** Git, GitHub, IntelliJ IDEA, Visual Studio Code
- **Soft Skills:** Problem solving, Attention to detail, Continuous Learning Team collaboration, communication with team members

PROJECTS & LEADERSHIP EXPERIENCE

Personal Portfolio Website [[GitHub](#)]

- **Responsive Design:** Adapts to various devices and screen sizes.
- **Interactive Elements:** JavaScript-driven smooth scrolling and dynamic content.
- **Sleek Design:** Modern look with CSS for consistent styling and layout.
- **Project Showcase:** Highlights projects with descriptions, technologies used, and links to demos or repositories.
- **Contact Form:** Allows visitors to send inquiries directly with JavaScript validation.
- **Technologies Used:** HTML, CSS, JavaScript
- **Link:** <https://sohil75.github.io/Sohil-Portfolio/>

Shopping Cart Web Application [[GitHub](#)]

- **Description:** Developed a web-based shopping cart application using HTML, CSS, JavaScript, and local APIs.
- **Key Responsibilities:**
 - Designed and implemented a user-friendly interface for browsing products and managing a shopping cart.
 - Created dynamic components to display product details and calculate the total bill in real time.
 - Utilized local APIs for efficient data handling and to enhance application responsiveness.
- **Outcome:** Built a scalable and lightweight platform that provides a seamless shopping experience, suitable for further development into a comprehensive e-commerce solution
